What is the effect on the body Detoxification

admin Tags: [antigens](#), [biochemical](#), [body Detoxification](#), [engine](#), [Glycogen](#), [microorganisms](#)
Posted in [Health](#) | [No Comments](#)

Single cell within the human body is more complex than most modern supercomputer. The process of removing hundreds of thousands of antigens, each with a unique molecular properties, from trillions of cells functioning really complicated process. Imagine three trillion cells to be restored during the function of countless biochemical processes needed for life. Even the best mechanics should turn off the engine. All the same, the body has millions of micro mechanics that do this with ease. Read the rest of this entry »

Posted in [Diet Tips](#), [Health](#), [Weight Loss News](#) | [No Comments](#)

In 16 years of age I began to study dangerous trip hallucinogens. A bad LSD trip resulted in a daily newspaper, stabbing headaches. To deal with the pain, I started to use painkillers, tranquilizers, hashish, and alcohol. Five hazy years of my life were devoted to escaping the pain through drugs. Read the rest of this entry »

As a miracle Lent Soka Heals Body

admin Tags: irritating food, Juice Fasting, Lent Soka Heals Body, mucous, nutrients, sensitive cells

Posted in Diet Tips, Health, Weight Loss News, Weight loss Product | No Comments

Irritants

Our internal passageways of the body is lined with mucous, which is a protective barrier between our sensitive cells and 'external' world. Our air passages and our digestive tract are really external to our bodies, causing us to expose any of the elements may be present. The sequence and thickness of the coating varies according to the problem. In normal times, the mucous remains as a thin protective barrier. Read the rest of this entry »
